### Observations:

Columns 2 & 3 tested with glass of Water on test plate.

Column 4 tested after drinking glass of water energetically enhanced on Biopro Smart Card for 5 minutes.

Drinking ordinary filtered water actually reduced all but one of my base profile meridian energies, by between 7% - 18%. I hadn't expected that. I thought the opposite would occur.

Drinking water energetically enhanced with a Biopro Smart Card increased all my bioenergies by a remarkable degree, bringing them all up to optimum levels.
